Subject Index

A

ACETYLENIC ALCOHOL(S)
in esterification of pentanoic and stearic acids, 861
ACETYLENIC FATTY ACIDS
enzymatic esterification of, 71
ACETYLENIC LIPIDS
from callyspongynes A and B, 639
ACID-CATALYZED ISOMERIZATION
of fucosterol and Δ^5 avenasterol, 1073
ACYLTRANSFERASE
lysophosphatidylcholine activity in *Saccharomyces cerevisiae*, 1229
ADAPTATION
of ileal sterol absorption, 267
ADIPOCYTE DIFFERENTIATION
effect of caffeine on lipoprotein lipase gene expression during, 455
ADIPOSE TISSUE
7 *trans*, 9 *cis*-octadecadienoic acid in human, 803
positional analysis of triacylglycerols from, 197
AGGRESSION
effect of docosahexaenoic acid on, 663
ALFALFA
biosynthesis of 9-hydroxy-traumatin from, 745
ALKENE(S)
long-chain of the Haptophyta, 617
ALLENE OXIDE SYNTHASE
catalytic properties of from flaxseed, 191
ALLIGATOR BILE
rapid hydrolysis of using microwaves, 333
AMEBOCYTE(S)
phospholipid composition of from *Limulus polyphemus*, 931
ANALBUMINEMIC RAT
bile acid metabolism in, 93
ANTHOCYANIN
increases serum oxidation resistance, 583
ANTIOXIDANT(S)
activity of
Gingko biloba extract, 365
sesaminols, 1031
and murine skin, 87
effect of
α- and γ-tocopherols on, 715
fish oil with and without vitamin E, 1163
on oxidizability in aqueous micelles, 597
AORTA
effect of genetic hypertension and fatty acid composition in tissue of, 795
APOLIPOPROTEIN
B
effect of dietary fat saturation on, 23
modification of by phospholipids, 1159
C
effect of on plasma clearance of lipid emulsions, 773
E
effect of on plasma clearance of lipid emulsions, 773
polymorphism and saturated fats, 139
from bovine cerebrospinal fluid, 781
ARACHIDONIC ACID
accretion in suckled rat pups, 243
dietary effect of on metabolism and n-6/n-3 ratio in rats, 567
effect of seal and squid oils on, 897
effect on
eicosanoids and immune status, 125
metabolism of deuterated linoleic acid, 471
in artificially reared infant rats, 513
levels in
foods vs. USDA values, 1151
visible fat and lean meat, 437
ARCHAEA
ether lipids and hydrocarbons of, 319
ARTIFACT
10-hydroxy stearic acid in *Cryptosporidium* oocytes, 829
ARTIFICIAL REARING
and long-chain polyunsaturated fatty acids in rats, 513
2-ARYLPROPIONIC ACID
peroxisome proliferating effects of, 539
ASTERACEAE
novel conjugated acetylenic acid from, 723
ATHEROSCLEROSIS
and peanut oil, 229
effect of peanut oil lectin on, 821
ATLANTIC SALMON
carnitine palmitoyltransferase activities in, 923
AUTOOXIDATION
effect of α- and γ-tocopherols on in purified sunflower triacylglycerols, 715
Δ^5 AVENASTEROL
acid-catalyzed isomerization of, 1073
AVENOLEIC ACID
in oat seeds, 355

B

BEEF
7 *trans*, 9 *cis*-octadecadienoic acid in, 803
BILE ACID(S)
effect of
cabbage extract on, 499
guar gum and cholestyramine on, 765
soluble fibers on composition of, 573
inclusion HPLC of, 101
metabolism in analbuminemic rats, 93
BIOSYNTHESIS
of vernolic acid, 1217
BLEEDING TIME
in piglets fed erucic acid, 1
BONE
conjugated linoleic acids in rat, 417
BORAGE OIL
effect of on liver fatty acid oxidation, 647
BOVINE CEREBROSPINAL FLUID
identification of apolipoprotein E in, 781
BREAST CANCER
effect of tocotrienols on cell growth of, 461
BROMOENOL LACTONE
effect on phospholipase A_2 activity, 1203
BRUSH BORDER MEMBRANE
lipid composition of during starvation, 1093
tert-BUTYL HYDROQUINONE (TBHQ)
spectrofluorometric detection of, 1139
BUTYLATED HYDROXYANISOLE (BHA)
spectrofluorometric detection of, 1139
BUTYLATED HYDROXYTOLUENE (BHT)
spectrofluorometric detection of, 1139

Copyright © 1998 by AOCS Press

C

CABBAGE
  effect of on suppression of hypercholesterolemia, 499
CAFFEINE
  effect on lipoprotein lipase gene expression, 455
CALCIUM
  independent phospholipase A_2 activity in ventricular myocytes, 1203
CALF
  substantial levels of conjugated linoleic acid in sera, 817
Callyspongia
  new polyacetylenic lipids from, 639
CALLYSPONGYNES
  new polyacetylenic lipids from *Callyspongia*, 639
CAMPESTEROL
  adaptation of absorption of, 267
CANCER
  effect of polyunsaturated fatty acids and their hydroperoxides on growth of cells, 285
  obesity as a risk factor of, 1055
CAPILLARY GAS CHROMATOGRAPHY
  analysis of meat cholesterol oxidative stability, 705
3-CARBOXY-4-METHYL-5-PROPYL-2-FURANPROPANOIC ACID
  production of antiserum for enzyme-linked immunosorbent assay of, 733
CARDIOLIPIN
  level in estivating snails, 787
CARNITINE PALMITOYLTRANSFERASE I
  activities in Atlantic salmon, 923
  and membrane fluidity, 371
CAROTENE
  pH effect on transfer of from carrot juice to olive oil, 985
β-CAROTENE
  effect of on meat cholesterol oxidative stability, 705
CAROTENOID(S)
  absorption in rats, 159
  rate for quenching singlet oxygen in liposomes, 751
CARROT(S)
  carotene transfer from juice of to olive oil, 985
CASTOR
  biosynthesis of triacylglycerols in, 59
CELL GROWTH
  effect of polyunsaturated fatty acids and their hydroperoxides on, 285
CELL-MEDIATED IMMUNITY
  effect of eicosapentaenoic and docosahexaenoic acids on, 171
CELLULAR SLIME MOLD
  fatty acid composition of, 327
CERAMIDE
  inhibition of sphingomyelinase, 1079
  phosphorylethanolamine in oomycetes, 307
  quantitation of by Iatroscan thin-layer chromatography–flame-ionization detection, 529
  synthesis in bovine liver mitochondrion-rich fraction, 601
CEREBELLUM
  effect of polyunsaturated fatty acid deficiency on fatty acid composition in, 401
CEREBROSIDE
  reduction in myelin, 441
CEREBROSPINAL FLUID
  identification of apolipoprotein E in bovine, 781
CHEESE
  conjugated linoleic acid isomers in, 963
  7 *trans*, 9 *cis*-octadecadienoic acid in, 803
CHEMILUMINESCENCE
  determination of hydroperoxides in erythrocytes, 1235
  of antiserum of 3-carboxy-4-methyl-5-propyl-2-furanpropanoic acid, 733
CHICK(S)
  cholesterol feeling and effect on smooth muscle cell in, 181
Chlorella pyrenoidosa
  detection of hydroperoxide lyase in, 533
CHOLESTEROL
  binding enhancement by tetracyclines, 33
  effect of
    dietary marine oils on, 427
    dietary methionine on, 235
    guar gum and cholestyramine on metabolism of, 765
    monounsaturated fatty acid on, 481
    on plasma clearance of lipid emulsions, 773
    palmitic and *trans* fatty acids on, 879
    WAY-121,898 on, 489
  feeding and effect on smooth muscle cell, 181
  metabolism modulated by dietary oxidized cholesterol, 757
CHOLESTEROL ESTER(S)
  incorporation of dietary *trans* fatty acids into, 955
CHOLESTEROL ESTERIFICATION
  effect of vitamin E on in macrophages, 1169
CHOLESTEROL HYDROPEROXIDE
  chemiluminescent determination of in erythrocytes, 1235
CHOLESTEROL 7α-HYDROXYLASE
  effect of
    cabbage extract on activity of, 499
    dietary oxidized cholesterol on, 757
CHOLESTEROL OXIDATION
  effect of α-tocopherol and β-carotene on stability of in meat, 705
CHOLESTEROL SYNTHESIS
  in nephrotic syndrome, 165
CHOLESTERYL ESTER HYDROLASE
  inhibition by WAY-121,898, 489
CHOLESTYRAMINE
  effect of on cholesterol metabolism and bile acid cycling, 765
CHROMOPLASTS
  in carotene transfer from carrot juice to olive oil, 985
CHYLOMICRON(S)
  lipid peroxidation of after intake of n-3 fatty acids, 1123
CLEARANCE
  from plasma of lipid emulsions, 773
COD LIVER OIL
  effect on platelets, 427
CONCANAVALIN A
  effect of docosahexaenoic acid on in lymphocyte function, 869
trans, *trans*-CONJUGATED ACETYLENIC ACID
  from *Tanacetum corymbosum*, 723
CONJUGATED LINOLEIC ACID
  effect on chemical mediators and immunoglobulins, 521
  in
    commercial calf and horse sera, 817
    rat bone, 417
  isomer distribution in pig tissue lipids, 549
  isomers in cheese, 963
  7 *trans*, 9 *cis*-octadecadienoic acid in biological matrices, 803
  separation of isomers by silver-ion high-performance liquid chromatography, 217
  suggested common name for, 835
CORN OIL
  atherogenicity of compared to peanut oil, 821
Cosmasterias lurida
  isolation and structure of glucosylceramides from, 825
CPT I
  See CARNITINE PALMITOYLTRANSFERASE I
CREPENYNIC ACID
  in *Tanacetum corymbosum*, 723
Cryptosporidium OOCYSTS
  10-hydroxy stearic acid in, 829
CULTURE MEDIA
  significance of on malignant cell growth, 285

CURCUMIN
and inhibition of lipoxygenase 1, 1223
CYANIDIN 3-*O*-β-D-GLUCOSIDE
increases serum oxidation resistance, 583
CYCLIC FATTY ACID MONOMERS
effect of on rat liver enzyme activity, 675
CYCLOPROPANE FATTY ACID
of *Polysphondylium pallidum*, 327
CYCLOSERINE
induced decrease of cerebroside in myelin, 441
CYSTINE
dietary, effect on lipid metabolism, 905
CYTOCHROME P450
phytanic acid α-hydroxylation by, 1213

D

DERMIS
vitamin E penetration in, 87
Δ6 DESATURASE
effect of dietary oxidized cholesterol on, 757
DESATURATION
effect of linoleic acid on, 409
Δ5 DESATURATION
in *Polysphondylium pallidum*, 327
DEUTERATED LINOLEIC ACID
effect of arachidonic acid on metabolism of, 471
DEUTERO-PALMITATE
metabolism in a *Neurospora crassa* mutant, 303
DIABETES MELLITUS
fatty acid metabolism in, 251
DIABETIC RATS
effect of lemon flavonoids on oxidative stress in, 689
1,2-DIACYLGLYCEROL
quantitation of by Iatroscan thin-layer chromatography–flame-ionization detection, 529
DIET
atherogenic potential of peanut oil based, 229
DIETARY CHOLESTEROL
and *in vivo* gene regulation, 1177
DIETARY FAT SATURATION
and VLDL metabolism, 23
DIETARY FATTY ACID
effect on metabolism of deuterated linoleic acid, 471
DIETARY FISH OIL
effect on erythrocyte oxidation, 505
DIETARY HYDROGENATED FAT(S)
effect on enzymatic activity of rat hepatic microsomes, 669
DIETARY LINOLENIC ACID(S)
effect of on liver fatty acid oxidation, 647
DIVINYL ETHER SYNTHASE
in divinyl ether biosynthesis in leaves, 1061
DOCOSAHEXAENOIC ACID
accretion in suckled rat pups, 243
and immune status in humans, 559
effect of seal and squid oils on, 897
effect on
aggression, 663
fatty acid absorption, 131
lipid peroxidation after intake of, 1123
mouse mast cell, 1107
in artificially reared infant rats, 513
oxidative status of, 1131
DOG(S)
fatty acid composition and molecular species of retina in, 1187

E

EICOSAPENTAENOATE
oxidizability of in aqueous micelles, 597
EICOSAPENTAENOIC ACID
derivatives and oxidative status, 1131
effect of seal and squid oils on, 897
effect on
fatty acid absorption, 131
lipid peroxidation after intake of, 1123
mouse mast cell, 1107
metabolism in immune cells during endotoxemia, 1099
ELAIDIC ACID
metabolism by *Sporidiobolus salmonicolor*, 47
ELONGATION
effect of linoleic acid on, 409
Emiliania huxleyi
long-chain alkenes of, 617
ENDOTOXEMIA
fatty acid metabolism in immune cells during, 1099
ENTEROCYTE(S)
lipid composition of brush border membrane of during starvation, 1093
ENZYMATIC
esterification of acetylenic fatty acid, 71
method for nonesterified fatty acid determination in milk and plasma, 1043
ENZYMATIC ACTIVITY
effect of hydrogenated fats on, 669
ENZYME-LINKED IMMUNOSORBENT ASSAY
of 3-carboxy-4-methyl-5-propyl-2-furanpropanoic acid, 733
EPIDERMIS
vitamin E penetration in, 87
EPISESAMIN
dietary effect of on metabolism and n-3/n-6 ratio in rats, 567
EPOXIDATION REACTION(S)
of unsaturated fatty esters with potassium peroxomonosulfate, 633
12, 13-EPOXY-*cis*-9-OCTADECENOIC ACID
biosynthesis of in the seeds of *Vernonia galamensis*, 1217
ERIOCITRIN
in lemon flavonoids and oxidative stress, 689
ERITADENINE
and methionine effect on fatty acid metabolism, 235
ERUCIC ACID
hematological and lipid changes in piglets fed, 1
ERYTHROCYTE
chemiluminescent determination of hydroperoxides in, 1235
effect of n-3 fatty acid supplementation on oxidation of, 505
protection from hemolysis of by vitamin E analogs, 589
ESKIMO DIET
effect on platelets, 427
ESTERIFICATION
of acetylenic fatty acids, 71
ESTIVATION
remodeling of phospholipid fatty acid during, 787
ETHER LIPIDS
of *Thermococcus hydrothermalis*, 319
EXPERIMENTAL DIABETES
effect of selenium on lipid metabolism in, 393

F

FARNESYL PYROPHOSPHATE
in inhibition of RAS farnesylation, 39
FAST ATOM BOMBARDMENT MASS SPECTROMETRY
analysis of
bile acid conjugates, 333

FATTY ACID(S)
accretion in suckled rat pups, 243
alteration effect on triacylglycerol species, 197
biosynthesis in a *Neurospora crassa* mutant, 303
chain length and VLDL metabolism, 23
composition
effect of
milk fat on, 11
moderate iron deficiency on, 889
in
microsomes, 669
piglets fed erucic acid, 1
of
brush border membrane during starvation, 1093
dog retina, 1187
desaturation in a *Neurospora crassa* mutant, 303
epoxy in *Vernonia galamensis*, 1217
hydroperoxides metabolized by allene oxide synthase, 191
hydroperoxy and tumor toxicity, 285
in bacteria from *Ostreopsis lenticularis* and *Palythoa*, 627
incorporation, effect of EPA and DHA on, 131
isomeric *trans* and effect on enzymatic activity, 669
long-chain polyunsaturated and infant cognitive function, 973
medium-chain and lipid metabolism, 261
metabolism
effect of dietary arachidonic acid on, 471
in diabetic and aged rats, 251
monounsaturated effect on lipid metabolism, 481
n-3
absorption and lipid peroxidation of, 1123
deficiency and brain ethanolamine glycerophospholipids, 401
effect of
on fatty acid composition in rat bone, 417
supplementation on erythrocyte oxidation, 505
stimulus-dependent effect of on lymphocytes, 869
n-6
effect of on fatty acid composition in rat bone, 417
nonesterified in milk and plasma, 1043
of rat urinary transitional epithelium, 1017
oxidation
effect of on dietary linolenic acids, 647
in Atlantic salmon, 923
polyunsaturated
and lymphocytic functions, 171
content in American diet, 1151
ratio and effect of dietary arachidonic acid and sesame lignans on, 567
remodeling in estivating snails, 787
seasonal changes of nine plants in, 109
structural analysis of using gas chromatography–mass spectrometry, 343
trans
in margarine and effect on serum lipoproteins, 879
incorporation in different serum lipid fractions, 955
FECAL STEROL EXCRETION
effect of soluble fibers on, 573
FISH OIL
effect of
dietary proteins on, 913
on aggression, 663
plasma antioxidants with vitamin E, 1163
FLAVONOIDS
effect of lemon on oxidative stress, 689
FLAXSEED
catalytic properties of allene oxide synthase from, 191
FLUIDITY
of membrane and carnitine palmitoyltransferase I, 371
FLUORESCENCE
analysis of lipoxygenase 1 inhibition, 1223
FOAM CELL(S)
and macrophage uptake of lipoprotein(a) aggregates, 385
effect of cholesterol feeding on, 181
FREE FATTY ACIDS
effect of on stroke-prone spontaneously hypertensive rats, 655
FRONTAL CORTEX
effect of polyunsaturated fatty acid deficiency on fatty acid composition in, 401
FUCOSTEROL
acid-catalyzed isomerization of, 1073
FULLERENE LIPIDS
synthesis of, 729

G

GALACTOLIPID
avenoleic acid in oat seeds, 355
GALACTOSYLCERAMIDE
reduction in myelin, 441
GAS CHROMATOGRAPHY
analysis of
conjugated linoleic acid
in commercial calf and horse sera, 817
isomer distribution in pig tissue lipids, 549
esterification of acetylenic fatty acid, 71
fatty acid methyl esters in rat bone, 417
lipids after medium-chain fatty acid infusion, 261
nonesterified fatty acids in milk and plasma, 1043
seasonal variation of leaf lipids, 109
trimethylsulfonium hydroxide in *S*-methylation of lipids, 1037
direct deposition-Fourier transform infrared identification of
a new conjugated linoleic acid isomer, 803
conjugated linoleic acid isomers, 217
conjugated linoleic acid isomers in cheese, 963
electron ionization mass spectrometry identification of
a new conjugated linoleic acid isomer, 803
conjugated linoleic acid isomers, 217
conjugated linoleic acid isomers in cheese, 963
GAS CHROMATOGRAPHY–MASS SPECTROMETRY (GC–MS)
analysis of
allene oxide synthase flaxseed, 191
avenoleic acid in oat seeds, 355
BHA, BHT, and TBHQ, 1139
epoxy fatty acid metabolism by *Sporidiobolus salmonicolor*, 47
fatty acid methyl esters from *Limulus polyphemus*, 931
fatty acid
in bacteria from *Ostreopsis lenticularis* and *Palythoa*, 627
proportions in diabetic and aged rats, 251
structure, 343
glucosylceramides from *Cosmasterias lurida*, 825
hydroperoxide lyase in *Chlorella pyrenoidosa*, 533
10-hydroxy stearic acid, 829
9-hydroxy-traumatin, 745
isomers of fucosterol and Δ^5 avenasterol, 1073
long-chain alkenes of the Haptophyta, 617
new polyacetylenic lipids from *Callyspongia*, 639
novel conjugated acetylenic acid from *Tanacetum corymbosum*, 723
palmitate, 303
phytanic acid α-hydroxylation in *Sphingomonas paucimobilis*, 1213
Polysphondylium pallidum, 327
GAS–LIQUID CHROMATOGRAPHY
analysis of
avenoleic acid in oat seeds, 355
fatty acid composition of dog retina, 1187
ileal sterols, 267

novel conjugated acetylenic acid from *Tanacetum corymbosum*, 723
GD_3 SYNTHASE
activity in developing rat testes, 1089
GENE EXPRESSION
dietary cholesterol effect on, 1177
effect of caffeine on in lipoprotein lipase, 455
Ginkgo biloba EXTRACT
stoichiometric and kinetic studies on, 365
GLUCOSYLCERAMIDE(S)
from *Cosmasterias lurida*, 825
GM_2 SYNTHASE
activity in developing rat testes, 1089
GRANULOCYTE(S)
effect of dietary docosahexaenoic acid feeding on functions of, 559
GUAR GUM
effect of on
cholesterol metabolism and bile acid cycling, 765
lipoprotein and biliary bile acid composition, 573
GUINEA PIG(S)
dietary fat saturation and VLDL metabolism in, 23

H

HAMSTER(S)
soluble fibers and lipoprotein and bile acid metabolism in, 573
HAPTOPHYCEAE
long-chain alkenes of, 617
HEART
alterations of membrane phospholipids in, 1023
conjugated linoleic acid isomer distribution in pig, 549
effect of genetic hypertension and fatty acid composition of tissue of, 795
HEATED FATS
cyclic fatty acid monomers from, 675
treated with magnesium silicate effect on liver enzyme activity, 683
HEPATIC LIPIDS
effect of
dietary proteins and fish oil on, 913
moderate iron deficiency on, 889
HEPATIC LIPOGENIC ENZYMES
effect of vitamin E and moderately oxidized oils on, 277
HEPATOMA
sulfur amino acids and hyperlipidemia in, 905
HERBIVORE(S)
seasonal variation in leaf fatty acids predated by, 109
HESPERIDIN
in lemon flavonoids and oxidative stress, 689
HIGH-PERFORMANCE LIQUID CHROMATOGRAPHY (HPLC)
analysis of
allene oxide synthase flaxseed, 191
antioxidant activity of sesaminols, 1031
apolipoproteins from bovine cerebrospinal fluid, 781
avenoleic acid in oat seeds, 355
carotenoid absorption in rats, 159
cyclic fatty acid monomers, 675
flavonoid glycoside content, 689
glucosylceramides from *Cosmasterias lurida*, 825
isomeric bile acids, 101
liver lipids in rats, 277
novel conjugated acetylenic acid from *Tanacetum corymbosum*, 723
phospholipids from *Limulus polyphemus*, 931
soybean triacylglycerols, 209
sphingolipids in oomycetes, 307
tocopherols from Atlantic salmon tissues, 697
triacylglycerol lipase from *Penicillium cyclopium*, 377
ubiquinone and tocopherol levels in normal and hyperlipidemic plasma, 811
electrospray ionization/mass spectrometry analysis of 10-hydroxy stearic acid, 829
positional analysis of triacylglycerols, 197
regiospecific analysis of milk fat triglycerides, 1195
reversed-phase analysis of
divinyl ether fatty acid from *Ranunculus acris*, 1061
fat-soluble vitamins in plasma, 1163
silver-ion analysis of
a new conjugated linoleic acid isomer, 803
cheese, 963
silver-ion separation of conjugated linoleic acid isomers, 217
spectrofluorometric analysis of BHA, BHT, and TBHQ, 1139
straight-phase analysis of divinyl ether fatty acid from *Ranunculus acris*, 1061
with chemiluminescent detection of hydroperoxides in erythrocytes, 1235
HIGH-PERFORMANCE THIN-LAYER CHROMATOGRAPHY
analysis of
brush border membrane lipid composition, 1093
lipids of urinary transitional epithelium, 1017
HISTAMINE
effect of tetracosahexaenoic acid on, 1107
HORSE
substantial levels of conjugated linoleic acid in sera, 817
HOSTILITY
effect of docosahexaenoic acid on, 663
HPLC
See HIGH-PERFORMANCE LIQUID CHROMATOGRAPHY
HUMAN(S)
chemiluminescent determination of cholesterol hydroperoxides in, 1235
dietary docosahexaenoic acid and immunocompetence in, 559
lycopene and low density lipoprotein oxidation in, 981
7 *trans*, 9 *cis*-octadecadienoic acid in milk from, 803
HYDROGEN BONDING INTERACTION
between bile acids and methyl β-cyclodextrin, 101
HYDROPEROXIDE
effect of α-tocopherol on thermal decomposition of, 77
HYDROPEROXIDE LYASE
detection of in *Chlorella pyrenoidosa*, 533
13-*S*-HYDROPEROXY-9*Z*, 11*E*-OCTADECADIENOIC ACID
a new metabolite, 9-hydroxy-traumatin, from, 745
10-HYDROXY STEARIC ACID
in *Cryptosporidium* oocysts, 829
HYDROXYFARNESYLPHOSPHONATE
in inhibition of RAS farnesylation, 39
HYDROXYGERANYLPHOSPHONATE
in inhibition of RAS farnesylation, 39
3-HYDROXY-3-METHYL GLUTARYL CoA (HMG-CoA) REDUCTASE
effect of
dietary cholesterol on in gene expression, 1177
dietary oxidized cholesterol on, 757
α-HYDROXYLATION
of phytanic acid by cytochrome P450, 1213
HYPERCHOLESTEROLEMIA
in
analbuminemic rats, 93
nephrotic syndrome, 165
suppression of by cabbage extract, 499
HYPERLIPIDEMIA
and sulfur amino acids in hepatoma, 905
ubiquinone and tocopherol levels in, 811
HYPERTENSION
and age-related fatty acid composition changes, 795
effect of on heart and kidney membrane phospholipids, 1023

I

ILEUM
absorption adaptation of sterols in, 267
IMMUNITY
effect of dietary docosahexaenoic acid on in humans, 559
IMMUNOGLOBULIN
effect of conjugated linoleic acid on, 521
INFANT(S)
effect of long-chain polyunsaturated fatty acids on cognitive function of, 973
INFLAMMATION
low density lipoprotein of synovial fluid in, 1115
INHIBITION
of lipoxygenase 1, 1223
INTERLEUKIN 1, 2, 6
effect of arachidonic acid supplementation on, 125
IRON DEFICIENCY
moderate, and lipid metabolism, 889
Isochrysis galbana
long-chain alkenes of, 617
ISOPRENOID LIPIDS
of *Thermococcus hydrothermalis*, 319

K

KAEMPFEROL
stoichiometric and kinetic studies on, 365
KIDNEY
alterations of membrane phospholipids in, 1023
effect of genetic hypertension and fatty acid composition in tissue of, 795
KUPFFER CELLS
fatty acid metabolism in during endotoxemia, 1099

L

L6 CELLS
lipoprotein effect on α-tocopherol uptake by, 1001
LACTATION
effect of linoleic acid on chain elongation and desaturation during, 409
LATHOSTEROL
level in nephrotic syndrome, 165
LEAN MEAT
arachidonic acid levels in, 437
LECTIN
from peanut oil and its atherogenicity, 821
LEMON
flavonoids effect on oxidative stress, 689
LEUKEMIA CELLS
tocopherols and their quinones in, 295
LEUKOTRIENE
effect of conjugated linoleic acid on, 521
LEUKOTRIENE B_4
effect of arachidonic acid supplementation on, 125
LIGNOCEROYL-CoA OXIDASE
effect of fenoprofen on, 539
Limulus polyphemus
phospholipid composition of the amebocyte from, 931
LINOLEATE
oxidizability of in aqueous micelles, 597
LINOLEIC ACID
effect of dietary methionine level on, 235
effect on chain elongation and desaturation, 409
α-LINOLENIC ACID
metabolism in immune cells during endotoxemia, 1099
γ-LINOLENIC ACID
metabolism in immune cells during endotoxemia, 1099
LINSEED OIL
effect of on liver fatty acid oxidation, 647
Linum usitatissimum
catalytic properties of allene oxide synthase from, 191
LIPASE
catalyzed esterification of acetylenic fatty acid, 71
esterification with pentanoic and stearic acids, 861
LIPID(S)
fullerene, synthesis of, 729
in preadipocytes, 449
lowering effect of WAY-121,898, 489
of rat urinary transitional epithelium, 1017
LIPID ABSORPTION
containing carotenoids, 159
LIPID COMPOSITION
in piglets fed erucic acid, 1
of
brush border membrane during starvation, 1093
the amebocyte from *Limulus polyphemus*, 931
LIPID EMULSION(S)
plasma clearance and lipolysis of, 773
LIPID ORDER
effect on carnitine palmitoyltransferase I, 371
LIPID PEROXIDATION
effect of
α-tocopherol on during thermal reaction of, 77
anthocyanin on in rats, 583
n-3 fatty acid on in rat erythrocyte membrane, 505
inhibition of
by sesaminols, 1031
singlet-oxygen-dependent, 751
of hypolipidemic n-3 fatty acids, 1131
LIPOPROTEIN(S)
(a)
macrophage uptake of aggregates of, 385
effect of
milk fat on, 11
palmitic and *trans* fatty acids on, 879
soluble fibers on, 573
effect on α-tocopherol uptake by skeletal muscle myoblasts, 1001
LIPOPROTEIN LIPASE
effect of caffeine on gene expression of, 455
effect on α-tocopherol uptake by skeletal muscle myoblasts, 1001
LIPOSOME(S)
cation-induced aggregation of *N*-stearoyl-phosphatidylserine, 607
quenching singlet oxygen in, 751
LIPOXYGENASE
in divinyl ether biosynthesis in leaves, 1061
inhibition of by phosphatidylcholine micelles-bound curcumin, 1223
liquid chromatography–mass spectrometry analysis of metabolites of, 843
pathway, a new metabolite of, 745
LIQUID CHROMATOGRAPHY–MASS SPECTROMETRY
analysis of novel oxylipins, 843
LIVER
conjugated linoleic acid distribution in pig, 549
LIVER ENZYME(S)
effect of
cyclic fatty acid monomers on, 675
treated used fats on, 683
LONG-CHAIN POLYUNSATURATED FATTY ACID(S)
interaction with n-6 fatty acid in suckled rat pups, 243
LOW DENSITY LIPOPROTEIN(S) (LDL)
acetylated, effect of vitamin E on in macrophages, 1169
apolipoprotein B modification during oxidation of, 1159
effect of
apolipoprotein E polymorphism on, 139

tomato lycopene on oxidation of in humans, 981
enhancement of binding by tetracyclines, 33
in synovial fluid during inflammation, 1115
oxidation and low fat-MUFA rich diets, 149
receptor and effect of dietary cholesterol on, 1177
LOW FAT DIET
effect on low density lipoprotein oxidation, 149
Lunaria
effects of oil from on fatty acids of sphingomyelin in quaking mice, 993
LYCOPENE
from tomatoes and low density lipoprotein oxidation in humans, 981
LYMPH
carotenoid absorption in rat, 159
LYMPHOCYTE(S)
effect of
conjugated linoleic acid on, 521
docosahexaenoic acid feeding on functions of, 559
LYMPHOCYTE PROLIFERATION
effect of eicosapentaenoic and docosahexaenoic acids on, 171
LYSOPHOSPHATIDYLCHOLINE
acyltransferase activity in *Saccharomyces cerevisiae*, 1229
LYSOPHOSPHOLIPASE D
properties of in rat plasma, 1009

M

MACROPHAGE
uptake of lipoprotein(a) aggregates, 385
vitamin E and cholesterol esterification in, 1169
MAGNESIUM SILICATE
in the treatment of dietary heated fats, 683
MALONYL-CoA
membrane fluidity and carnitine palmitoyltransferase I sensitivity to, 371
MANGANESE
liquid chromatography–mass spectrometry analysis of metabolites of, 843
MARGARINE
effect of palm oil in on serum lipoproteins, 879
MARINE BACTERIA
fatty acid composition of, 627
MASS SPECTROMETRY
analysis of
fullerene lipid synthesis, 729
trimethylsulfonium hydroxide in *S*-methylation of lipids, 1037
MAST CELL(S)
effect of tetracosahexaenoic acid on, 1107
MEAT FAT
arachidonic acid levels in, 437
MELTING POINT
effect of fatty acid composition on, 197
METAL ION REQUIREMENT
of lysophospholipase D in rat plasma, 1009
METHIONINE
dietary, effect on lipid metabolism, 905
effect on fatty acid metabolism, 235
METHYL β-CYCLODEXTRIN
HPLC of isomeric bile acids with, 101
S-METHYL-L-CYSTEINE SULFOXIDE
effect of on suppression of hypercholesterolemia, 499
METHYL LINOLEATE
thermal reaction of α-tocopherol in presence of, 77
MEVALONATE
level in nephrotic syndrome, 165
MICELLE(S)
oxidizability of polyunsaturated fatty acids in aqueous, 597
MICROSOMES
biosynthesis of triacylglycerols in castor, 59
MICROWAVE-INDUCED HYDROLYSIS
of bile acid conjugates, 333
MILK
nonesterified fatty acids in, 1043
7 *trans*, 9 *cis*-octadecadienoic acid in, 803
MILK FAT
effect on plasma lipids and lipoproteins, 11
regiospecific analysis of triglycerides from, 1195
MITOCHONDRIA
ceramide synthase from liver, 601
remodeling of phospholipid fatty acids in, 787
MITOCHONDRIAL β-OXIDATION
effect of fenoprofen on, 539
MIXED LYMPHOCYTE REACTION
effect of docosahexaenoic acid on, 869
MODELS
of antioxidant protection, 947
MOLECULAR SPECIES
of dog retina, 1187
2-MONODECANOIC ACID
and lipid metabolism, 261
MONOLAYER(S)
cross-modulation of sphingomyelinase and phospholipase A_2 in, 1079
MONOUNSATURATED FAT(S)
atherogenic potential of, 229
effect on low density lipoprotein oxidation, 149
MYELIN
cycloserine-induced decrease of cerebroside in, 441
MYOCYTE
phospholipase A_2 activity in isolated ventricular, 1203

N

NATURAL KILLER CELL(S)
effect of eicosapentaenoic and docosahexaenoic acids on, 171
NEPHROTIC SYNDROME
cholesterol metabolism in, 165
NERVONIC ACID
effect of *Lunaria* oil on in quaking mice, 993
NUCLEAR MAGNETIC RESONANCE (NMR)
^{13}C analysis of
antioxidant activity of sesaminols, 1031
enynol and enynone esters, 941
epoxidation reactions of unsaturated fatty esters, 633
esterification of acetylenic fatty acid, 71
fullerene lipid synthesis, 729
glucosylceramides from *Cosmasterias lurida*, 825
lipids in preadipocytes, 449
long-chain alkenes of the Haptophyta, 617
new polyacetylenic lipids from *Callyspongia*, 639
^{1}H analysis of
antioxidant activity of sesaminols, 1031
enynol and enynone esters, 941
epoxidation reactions of unsaturated fatty esters, 633
epoxy fatty acid metabolism by *Sporidiobolus salmonicolor*, 47
fullerene lipid synthesis, 729
glucosylceramides from *Cosmasterias lurida*, 825
long-chain alkenes of the Haptophyta, 617
membrane phospholipids in hypertension, 1023
new polyacetylenic lipids from *Callyspongia*, 639
^{31}P analysis of apolipoprotein B modification, 1159
NUTRITION
effect of on infant cognitive function, 973

O

OAT SEEDS
avenoleic acid in, 355
OBESITY
and certain cancers, 1055
cis-9, *trans*-11-OCTADECADIENOIC ACID
suggested common name for, 835
OLEFINIC
alcohols in esterification of pentanoic and stearic acids, 861
OLEIC ACID
effect of milk fat on, 11
incorporation in different serum lipid fractions, 955
metabolism by *Sporidiobolus salmonicolor*, 47
OLIVE OIL
carotene transfer from carrot juice to, 985
Ostreopsis lenticularis
fatty acid composition of, 627
OXIDATION
of low density lipoprotein in synovial fluid during inflammation, 1115
OXIDATION RESISTANCE
effect of anthocyanins on in rats, 583
OXIDATIVE DAMAGE
models of antioxidant protection against, 947
OXIDATIVE HEMOLYSIS
protection from by vitamin E analogs, 589
OXIDATIVE STRESS
effect of lemon flavonoids on, 689
OXIDIZED CHOLESTEROL
modulates cholesterol metabolism in rats, 757
OXYLIPIN(S)
liquid chromatography–mass spectrometry analysis of, 843

P

PALM OIL
and breast cancer cell growth, 461
in margarine and effect on serum lipoproteins, 879
PALMITIC ACID
effect of milk fat on, 11
Palythoa
fatty acid composition of, 627
PEANUT OIL
atherogenic potential of, 229
atherogenicity of compared to corn oil, 821
PECTIN
effect of on lipoprotein and biliary bile acid composition, 573
Penicillium cyclopium
triacylglycerol lipase from, 377
PENTANOIC ACID
esterification of, 861
PEROXISOMAL β-OXIDATION
effect of fenoprofen on, 539
pH effect on carotene transfer from carrot juice to olive oil, 985
PHOSPHATIDYLCHOLINE
and inhibition of lipoxygenase 1, 1223
effect of dietary methionine level on, 235
in
assay for phospholipase D, 223
preadipocytes, 449
PHOSPHATIDYLCHROMANOL
protective effect of against oxidative hemolysis, 589
PHOSPHATIDYLETHANOL
in phospholipase D from bovine rod outer segments, 853
PHOSPHATIDYLETHANOLAMINE
effect of polyunsaturated fatty acid deficiency on, 401
PHOSPHATIDYLGLYCEROL
in phospholipase D from bovine rod outer segments, 853
PHOSPHATIDYLSERINE
effect of *N*-acylation on, 607
PHOSPHOLIPASE A_2
activity in isolated ventricular myocytes, 1203
cross-modulation of sphingomyelinase and, 1079
PHOSPHOLIPASE D
assay in the absence of detergent, 223
in bovine rod outer segments, 853
PHOSPHOLIPID(S)
alterations of in hypertension, 1023
composition of the amebocyte from *Limulus polyphemus*, 931
effect of
moderate iron deficiency on, 889
monounsaturated fatty acid on, 481
fatty acid remodeling in estivating snails, 787
incorporation of dietary *trans* fatty acids into, 955
involvement in apolipoprotein B modification, 1159
PHOSPHORYLETHANOLAMINE
in oomycetes, 307
PHYTANIC ACID
α-hydroxylation by cytochrome P450, 1213
Phytophthora
identification of a ceramide-phosphorylethanolamine in, 307
PIG(S)
adaptation of ileal sterol absorption in, 267
conjugated linoleic acid isomer distribution in tissue lipids of, 549
PLANTS
seasonal changes in lipid and fatty acid composition of, 109
PLASMA
analysis of ubiquinone and tocopherol levels in, 811
nonesterified fatty acids in, 1043
PLASMA LIPIDS
in diabetic and aged rats, 251
PLASMA TRIACYLGLYCEROL(S)
effect of milk fat on, 11
PLASMENYLETHANOLAMINE
effect of polyunsaturated fatty acid deficiency on, 401
PLATELET
effect of erucic acid on number and size of in piglets, 1
POLYMORPHISM
of apolipoprotein E and effect of saturated fat on, 139
POLYUNSATURATED FATTY ACID(S)
and hydroperoxides in tumor toxicity, 285
effect of
genetic hypertension on composition of, 795
on hepatic lipogenic enzyme activity, 277
PORA-PLOT COLUMN
for detection of hydroperoxide lyase in *Chlorella pyrenoidosa*, 533
POSTPRANDIAL LIPEMIA
effect of milk fat on, 11
POTASSIUM PEROXOMONOSULFATE
epoxidation reactions of unsaturated fatty esters with, 633
PREADIPOCYTES
study of lipids in, 449
PREGNANCY
effect of linoleic acid on chain elongation and desaturation during, 409
PROBLEM-SOLVING
effects of long-chain polyunsaturated fatty acids on in infants, 973
PROLIFERATION
effect of cholesterol feeding on smooth muscle cell, 181
PROPYL GALLATE
stoichiometric and kinetic studies on, 365
PROSTAGLANDIN E_2
effect of
arachidonic acid supplementation on, 125

conjugated linoleic acid on production of in rat bone, 417
PROTEIN(S)
dietary, and fish oil, 913
PROTEIN AGGREGATION
effect of n-3 fatty acid on in rat erythrocyte membrane, 505
Pseudomonas
fatty acid composition of, 627
PSYLLIUM
effect of on lipoprotein and biliary bile acid composition, 573
PURIFICATION
of sphingosine-*N*-acyltransferase from liver mitochondria, 601
PURIFIED SUNFLOWER OIL
effect of α- and γ-tocopherols on autooxidation of, 715
Pythium
identification of a ceramide-phosphorylethanolamine in, 307

Q

QUAKING MICE
effects of *Lunaria* oil on fatty acids of sphingomyelin in, 993
QUERCETIN
stoichiometric and kinetic studies on, 365
QUINONES
and tocopherols in leukemia cells, 295

R

RANUNCULENIC ACID
divinyl ether fatty acid from *Ranunculus acris*, 1061
Ranunculus acris
biosynthesis of divinyl ether fatty acid in, 1061
RAPESEED OIL
effect of on survival time of stroke-prone spontaneously hypertensive rats, 655
RAS
inhibition of farnesylation by farnesyl phosphonic acids, 39
RAT(S)
carotenoid absorption in, 159
cholesterol metabolism in nephrotic syndrome in, 165
cyclic fatty acid monomers and liver enzyme activity in, 675
dietary methionine and fatty acid metabolism in, 235
effect of conjugated linoleic acid on chemical mediators and immunoglobulins in, 521
fatty acid metabolism in
diabetic and aged, 251
immune cells during endotoxemia in, 1099
free fatty acid fractions on survival time of, 655
GD_3 and GM_2 synthase activity in developing testes of, 1089
long-chain polyunsaturated fatty acid supplementation in infant, 513
lysophospholipase D in rat plasma, 1009
moderate iron deficiency and lipid metabolism in, 889
treated used fats and liver enzyme activity in, 683
RATIO
of polyunsaturated and monounsaturated fatty acid to saturated, 481
REGIOSPECIFIC ANALYSIS
of milk fat triglycerides, 1195
RETINA
fatty acid composition and molecular species of in dogs, 1187
RICINOLEATE
biosynthesis of triacylglycerols containing, 59
ROD OUTER SEGMENTS
phospholipase D in, 853
RUMENIC ACID
suggested common name for *cis*-9, *trans*-11-octadecadienoic acid, 835

S

Saccharomyces cerevisiae
lysophosphatidylcholine acyltransferase activity in, 1229
Salmo salar
carnitine palmitoyltransferase activities in, 923
SALMON
distribution of tocopherols in tissues of, 697
SATURATED FATTY ACID
effect of apolipoprotein E polymorphism on, 139
SEAL OIL
effect on
lipid metabolism, 897
platelets, 427
SEED OIL
novel conjugated acetylenic acid from, 723
SELENIUM
effect on lipid metabolism in experimental diabetes, 393
SERUM LIPIDS
effect of dietary proteins and fish oil on, 913
SERUM LIPOPROTEINS
effect of moderate iron deficiency on, 889
SESAME LIGNANS
dietary effect of on metabolism and n-3/n-6 ratio in rats, 567
SESAMIN
dietary effect of on metabolism and n-3/n-6 ratio in rats, 567
SESAMINOLS
antioxidant activity of, 1031
SEXUAL DEVELOPMENT
GD_3 and GM_2 synthase activity in rats during, 1089
SILVER-ION HIGH-PERFORMANCE LIQUID CHROMATOGRAPHY
analysis of
conjugated linoleic acid isomer distribution in pig tissue lipids, 549
SINGLET OXYGEN
rate for quenching by carotenoids and α-tocopherols, 751
SITOSTEROL
adaptation of absorption of, 267
SKELETAL MUSCLE
lipoprotein effect on α-tocopherol uptake by, 1001
SMALL BOWEL TRANSPLANTATION
sterol absorption adaptation after, 267
SMOOTH MUSCLE CELL(S)
effect of cholesterol feeding on, 181
SNAIL(S)
remodeling of phospholipid fatty acids in during estivation, 787
SOYBEAN
biosynthesis of 9-hydroxy-traumatin from, 745
SOYBEAN OIL
effect of on survival time of stroke-prone spontaneously hypertensive rats, 655
in margarine and effect on serum lipoproteins, 879
stereospecific analysis of, 209
SPHINGOLIPID(S)
in oomycetes, 307
Sphingomonas paucimobilis
phytanic acid α-hydroxylation in, 1213
SPHINGOMYELIN(S)
effect of
Lunaria oil on fatty acids of in quaking mice, 993
on plasma clearance of lipid emulsions, 773
inhibition of phospholipase A_2, 1079
SPHINGOMYELINASE
cross-modulation of phospholipase A_2 and, 1079
quantitation of ceramides in, 529
SPHINGOSINE-*N*-ACYLTRANSFERASE
from bovine liver mitochondria, 601

SPONGE
new polyacetylenic lipids from, 639
Sporidiobolus salmonicolor
metabolism of isomeric epoxy fatty acids by, 47
SQUID OIL
effect on lipid metabolism, 897
STARVATION
lipid composition of brush border membrane during, 1093
STEARIC ACID
effect of milk fat on, 11
esterification of, 861
N-STEAROYL-PHOSPHATIDYLSERINE
cation-induced aggregation of, 607
STEREOSPECIFIC DISTRIBUTION
of soybean triacylglycerols, 209
STEROL
absorption after gut resection and autotransplantation, 267
STOICHIOMETRIC NUMBER
of *Ginkgo biloba* extract and related antioxidants, 365
STRATUM CORNEUM
vitamin E penetration in, 87
STRIATUM
effect of polyunsaturated fatty acid deficiency on fatty acid composition in, 401
STROKE-PRONE SPONTANEOUSLY HYPERTENSIVE RATS
effect of free fatty acid fractions on survival time of, 655
STRUCTURAL ANALYSIS
of fatty acids using gas chromatography–mass spectrometry, 343
SUBSTRATE SPECIFICITY
of triacylglycerol lipase from *Penicillium cyclopium*, 377
SYNOVIAL FLUID
oxidation of low density lipoprotein in, 1115
SYNTHESIS
of C_{60} fullerene, 729

T

T LYMPHOCYTES
effect of docosahexaenoic acid on proliferation of, 869
Tanacetum (*Chrysanthemum*) *corymbosum*
novel conjugated acetylenic acid from, 723
TETRACOSAHEXAENOIC ACID
effect of on mouse mast cell, 1107
TETRACYCLINES
enhance LDL binding, 33
TETRATERPENOID HYDROCARBONS
of *Thermococcus hydrothermalis*, 319
THERMAL OXIDATION
effect of α-tocopherol on, 77
Thermococcus hydrothermalis
ether lipids and hydrocarbons of, 319
THIN-LAYER CHROMATOGRAPHY (TLC)
analysis of
antiserum of 3-carboxy-4-methyl-5-propyl-2-furanpropanoic acid, 733
avenoleic acid in oat seeds, 355
brain ethanolamine glycerophospholipids, 401
chain elongation and desaturation of 18:2 *c,t* isomers, 409
enynol and enynone esters, 941
fatty acid
accretion in suckled rat pups, 243
proportions in diabetic and aged rats, 251
9-hydroxy-traumatin, 745
lipid composition in piglets fed erucic acid, 1
lipids after medium-chain fatty acid infusion, 261
meat cholesterol oxidative stability, 705
molecular species of dog retina, 1187
new polyacetylenic lipids from *Callyspongia*, 639
novel conjugated acetylenic acid from *Tanacetum corymbosum*, 723
phospholipase D, 223
phospholipid fatty acid composition of estivating snails, 787
soybean triacylglycerols, 209
triacylglycerol lipase from *Penicillium cyclopium*, 377
whole cell cholesterol esterification, 1169
THIN-LAYER CHROMATOGRAPHY–FLAME-IONIZATION DETECTION (TLC–FID)
quantitation of ceramides and 1,2-diacylglycerols by, 529
THIOL COMPOUNDS
the use of trimethylsulfonium hydroxide in *S*-methylation of, 1037
β-THROMBOGLOBULIN
effect of dietary marine oils on platelets, 417
THROMBOXANE
effect of seal and squid oils on, 897
THROMBOXANE A_2
production resulting from meat fat, 437
THY-1
and effect of docosahexaenoic acid on lymphocyte function, 869
TISSUE LIPID(S)
effect of selenium supplementation on, 393
TOCOPHEROL(S)
analysis of in normal and hyperlipidemic human plasma, 811
and
breast cancer cell growth, 461
their quinones in leukemia cells, 295
distribution of in Atlantic salmon tissues, 697
α-TOCOPHEROL
effect of
lipoprotein lipase on uptake of by skeletal muscle myoblasts, 1001
on autooxidation of purified sunflower triacylglycerols, 715
on meat cholesterol oxidative stability, 705
rate for quenching singlet oxygen in liposomes, 751
stoichiometric and kinetic studies on, 365
thermal reaction of, 77
γ-TOCOPHEROL(S)
effect of on autooxidation of purified sunflower triacylglycerols, 715
TOCOTRIENOLS
and breast cancer cell growth, 461
TOMATO(ES)
lycopene and low density lipoprotein oxidation in humans, 981
TRANSITIONAL EPITHELIUM
lipid and fatty acid composition of from urinary bladder, 1017
TRIACYLGLYCEROL(S)
biosynthesis of containing ricinoleate, 59
effect of monounsaturated fatty acid on, 481
in preadipocytes, 449
lipase from *Penicillium cyclopium*, 377
positional analysis of, 197
stereospecific analysis of soybean, 209
TRIGLYCERIDE(S)
effect of
dietary proteins and fish oil on, 913
WAY-121,898 on, 489
incorporation of dietary *trans* fatty acids into, 955
regiospecific analysis of from milk fat, 1195
TRIGLYCERIDEMIA
postprandial, effect of EPA and DHA on, 131
3α, 7α, 12α-TRIHYDROXY-5β-CHOLESTAN-26-OIC ACID
rapid hydrolysis of, 333
TRIMETHYLSULFONIUM HYDROXIDE
in *S*-methylation of thiol compounds, 1037
TRIRICINOLEIN
in biosynthesis of triacylglycerols, 59
TUMOR NECROSIS FACTOR
effect of arachidonic acid supplementation on, 125

U

UBIQUINONE
analysis of in normal and hyperlipidemic human plasma, 811
UNITED STATES DEPARTMENT OF AGRICULTURE
arachidonate values of foods commonly consumed in America, 1151
UNSATURATED FATTY ESTER(S)
epoxidation reactions of with potassium peroxomonosulfate, 633
URINARY BLADDER
lipid and fatty acid composition of transitional epithelium from, 1017

V

VACCENIC ACID
metabolism by *Sporidiobolus salmonicolor*, 47
VERNOLIC ACID
biosynthesis of in the seeds of *Vernonia galamensis*, 1217
Vernonia galamensis
biosynthesis of vernolic acid in the seeds of, 1217
VERY LOW DENSITY LIPOPROTEIN(S) (VLDL)
effect of dietary fat saturation on metabolism and size of, 23
VESICLE AGGREGATION
of *N*-stearoyl-phosphatidylserine induced by cations, 607
VITAMIN E
distribution in Atlantic salmon tissues, 697
effect of on hepatic lipogenic enzyme activity, 277
penetration into murine skin, 87
plasma antioxidants with fish oil, 1163
protection from hemolysis by analogs of, 589
rate for quenching singlet oxygen in liposomes, 751
reduces whole cell cholesterol esterification, 1169

W

WASHED PEANUT OIL
atherogenicity of compared to corn oil, 821
WHALE OIL
effect on platelets, 427
WHITE BLOOD CELLS
effect of docosahexaenoic acid feeding on, 559

Y

YEAST
lysophosphatidylcholine acyltransferase activity in, 1229

Z

ZINC
effect on lysophosphatidylcholine acyltransferase activity, 1229
ZINC REDUCTION
of enynol and enynone esters, 941
